3	International	Begins with 9011 and followed by 7 or more digits	invalid trunk	Edit Delete
4	Local	Begins with 9 and followed by 7 or more digits	invalid trunk	Edit Delete
5	911	Begins with 911 and followed by 0 or more digits	invalid trunk	Edit Delete
6	Local	Begins with 9432 and followed by 7 or more digits	Custom - Local & LD	Edit Delete

Rule Name:

Place this call through :

Dialing Rules : If the number begins with and followed by digits or more
(define a custom pattern)

Strip digits from the front and prepend before dialing

When I try to select 'Place this call through: -- it won't stay.

I deleted the 'local' rule and tried to re-add it, same problem.
